Reference Genetics

Red Ranch Goats

BWP SPECKLE'S ACE – Son of the great buck Mr. Speckles. Ace has sired the 2016 MD #8 overall, #2 ADG buck & had another son that year win the Carcass Buck Challenge, the 2018 WV #9 overall, and 2019 #2 ADG on pasture in the Langston Feed and Forage Test. There are few bucks in the Kiko industry that have consistently produce kids with the amount of growth like Ace can, while improving conformation and maintaining great parasite resistance as proven by his test kids, Ace is a well-rounded sire.

B Bar W Kikos

BWP BLUE SON SMOKEY – Smokey is a direct son of one of the most well know and accomplished Kiko bucks (ELH BLUE'S SON). His dam (BWP SPECKLES BUTTERCUP) was a great Speckles daughter that Wes chose as a donor quality doe. Smokey produces excellent replacement does with good depth. Talking with other seedstock producers who have Smokey daughters in production, they have excellent udders and have been very productive does. Smokey's flush mate sister produced the high selling doe at the 2021 BPI Sale.

B Bar W Kikos

GFI ROLLING MEADOWS 81 (Mr. Speckles) – Mr. Speckles doesn't required much of an introduction, just glancing over the catalog for this year's sale you can see the truly huge impact he had on the breed. His sons on test were consistently top performers, and daughters have been sold coast to coast, and quickly gained a reputation for being excellent producers. This year's sale consist of five direct offspring from Mr. Speckle's, a rare chance to get ahold of these genetics up close as his natural kids are getting hard to find due to age.

B Bar W Kikos

TTP BLUE'S HINTO – Sired by LGB BLUE HEART 322 (Golden Boy, Goldmine's Heritage) over a TERMINATORS REZ (Terminator, Hemi) daughter. Hinto is a buck that quickly gained a reputation of making quality kids, and becoming Wes's number #1 herd sire for this past breeding season. Hinto, like his sire Blue Heart, makes exceptionally deep does, with a lot of capacity for carrying kids.

B Bar W Kikos

TTP POWER SURGE – Power Surge is a young up and coming buck that produces fast growing kids with excellent parasite resistance. Power Surge is out of the hammer son TTP HAMMER'S MEGAWATT. Megawatt is quickly making a name for himself in the Kiko industry for producing quality offspring. The dam to Power Surge is a daughter of MRG TERMINATORS REZ over a MJI RC'S BLUE LEGACY doe so she is packing a lot of performance-based genetics in her.

B Bar W Kikos

PJM COPYRIGHT TOUGH – Direct son of SKY 213 BLUE'S COPYRIGHT. Tough is known for surviving the 2013 toughest MD buck test while gaining weight and maintaining a low FEC. In the very limited number of sons tested out of Tough he produced the 6th & 19th place FEC 17 EOSC, and the heaviest off weight buck and 11th place ADG 18 WV. Daughters of Tough have produced the 2017 & 2018 Low FEC Egg Count Grand Champion EOSC, and the 5th overall buck (4th ADG) WV 20. Tough has over 140 kids registered so no doubt he has a large and lasting impact on the industry.

Short's Livestock

SIGX RIZZO - Sired by GIN V22 on top (BBM Dale, Southwest Cisco) and a GIN V4C dam on the bottom (TNT Cody). GIN V22 sired several does which produced notable test bucks in PJ Murphy's program. TNT Cody also appears on the maternal side of several very well-known Kikos. As a result of all of the strong maternal genetics behind Rizzo he produces great daughters.

Short's Livestock

LAA GENERAL CUSTARD – Sired by GFI DOC HOLIDAY and out of GFI ROLLING MEADOWS 174. With the parasite resistance (Terminator) coming from his sire side and growth (Loverboy) from his dam side it is no surprise Custard is a complete package of a buck. He proved this in the 2016 Oklahoma Buck Test by siring the fastest growing buck in the test, and the buckling had a fecal count of 142!

Little Platte Farm

JAW GUSTO - Gusto is a wide chested, solid framed buck, strongly influenced by some of the truly great early foundation bucks like BTH BETULA HILL MONEYMAKER, SPK SUNBOY WACO 139 (Lightin'), GOATEX GENERATOR, GGL GOATEX GOLIATH and others. He has proven to be a terrific doe maker here at Little Platte Farm, passing on strong maternal qualities, excellent udder structure and high parasite resistance. He is also A/B (high/high) for Alpha s1 Casein (a milk protein believed to assist in higher growth rates of nursing kids).

Little Platte Farm

MKG 38-15 ZEUS - Zeus is an extremely large framed buck. He has great length, prominent chest and ample hindquarters. He consistently adds frame, hoof quality and parasite resistance to his progeny. Just some of the notable sires in his pedigree include TNT RAIZ'N'KANE, LRF W-7, SKY T20 COMMANDER, BLUE'S SON and ELH BLUE BOY 1L. Zeus is truly an easy keeper, having never required deworming or hoof trimming. Zeus has built quite a reputation and has had an enormous impact on the commercial meat herds in the central United States.

Hidden Springs Farm

MJI THUNDERBOLT - Thunderbolt is a large framed 100% New Zealand buck from the GOLDMINE lineage who placed a respectable 7 th place in ADG at the 2016 Maryland buck test. He consistently sires sizeable kids who grow quickly and top our index ratings each year. Hidden Springs Farm has retained numerous does produced by Thunderbolt, and they exhibit straight top lines, plenty of depth, and tight uniform udders. Does he has sired have also tested A/B in Alpha-s1 Casein.

Hidden Springs Farm

TTP REZ'S JOLT – Jolt is a powerful young New Zealand buck who is the product of MRG TERMINATORS REZ (2015 WV buck test contender) over LBG JOULES 604 (GOLDEN BOY/GOLDMINE'S HERITAGE decent), two very well-respected breeding Kikos. Jolt is very much a “hands off” buck, keeping good body condition on forage only without deworming. Jolt produces nice thick kids who grow out well and have color to boot.

Terms & Conditions Sale
May be revised at any time without notice

Sale Conducted by Auctioneer: Should any dispute arise from the taking of bids, the auctioneer's decision will be final. The catalog is believed to be accurate as of the date of printing. Announcements from the ring will take precedence over the printed material.

Forms of Payment: Cash & Checks. Online bidders must pay via credit card.

Certificates of Registry: Buyers will receive a copy of the registration certificate when settlement is made. The original Certificate of Registration and transfer form will be mailed to the applicable registrar within 45 days. If the consignor has dual registered stock, then both sets of papers will be transferred to the buyer.

Rights and Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of the animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Accidents: Although every precaution will be taken to protect the safety and comfort of Buyers, neither the sale producers or auctioneer assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

Guarantees: All guarantees of animals are between the individual producer and seller.

Transportation: It is the responsibility of the buyer to secure transportation of the goats. The cost of transportation is the responsibility of the buyer.

Load Out: No animal will be removed from the barn without verification from the office. Verification forms will be provided once settlement is complete. All animals must be picked up at the barn by 4 p.m. sale day. Health certificates received at check in are no longer valid for intrastate transport after the sale. Any necessary permits for travel are the responsibility of the buyer.

NO GOATS WILL BE LOADED UNTIL THE SALE IS COMPLETED
